

SAINT NICHOLAS SCHOOL

SAFEGUARDING & CHILD PROTECTION POLICY

Approved by:	 Headmaster Chair of Governors	Date: September 2023
Last reviewed on:	September 2023	
Next review by:	September 2024	

Note: This policy applies to all sections of the school including EYFS - This policy is available to parents on the school website.

This policy:

- Is non-contractual in nature;
- Applies to all members of staff;
- Can be adjusted by the School to suit specific circumstances;
- Can be varied unilaterally by the School.

DESIGNATED SAFEGUARDING LEAD: (DSL)	Mrs Lucy Thomas l.thomas@saintnicholasschool.net
DEPUTY DESIGNATED SAFEGUARDING LEAD: (DDSL)	Mrs Alicia Howe - a.howe@saintnicholasschool.net Mrs Sarah Martin – s.martin@saintnicholasschool.net
DESIGNATED SAFEGUARDING GOVERNOR:	Mrs Kirsty Hitch k.palmer@saintnicholasschool.net

Other Key School Staff

Role	Person	Other key roles in school	Contact details
Safeguarding Level 3 qualified	Mr Terence Ayres	Headmaster	t.ayres@saintnicholasschool.net 01279 429910
Safeguarding Level 3	Mr Paul Wilson	Deputy Head Academic	p.wilson@saintnicholasschool.net 01279 429910
Safeguarding Level 3 qualified	Miss Lisa Perez	Lower School Curriculum Coordinator	l.perez@saintnicholasschool.net 01279 429910
Safeguarding Level 3 qualified	Mrs Jane Ridley Warren	Assistant SENCo	j.ridley-warren@saintnicholasschool.net
Safeguarding Level 3 – EYFS qualified	Mrs Sophie Jackson	Head of Nursery & Pre-School	s.jackson@saintnicholasschool.net
Chair of Governors	Mr Robert Ellice		r.ellice@saintnicholasschool.net

This policy and the procedures for safeguarding/child protection are reviewed annually by the Board of Governors, (drawing on the expertise of staff including the Headmaster and DSL) and signed off by the Chair of the Board. The Board have nominated a full board member with particular responsibility for safeguarding, Mrs Kirsty Hitch.

1. INTRODUCTION

Schools and their staff form part of the wider safeguarding system for children. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centered. This means that they should consider, at all times, what is in the best interests of the child.

(Keeping Children Safe in Education – DfE, 2023)

This Child Protection policy is for all staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school and should be read in conjunction with the following **relevant school policies including:**

- Keeping Children Safe in Education (DfE, 2023)
- the Behaviour, Rules, Rewards & Sanctions policy;
- Staff Code of Conduct & Whistle Blowing Policy;
- the safeguarding response to children missing from education
- the role of the designated safeguarding lead (Annex C of KCSIE)

1.1 Purpose of document

Saint Nicholas School has a statutory as well as a moral duty to safeguard and promote the welfare of all children receiving education and training at the School. Safeguarding and promoting the welfare of children (everyone under the age of 18) is defined in Keeping Children Safe in Education as:

- Protecting children from maltreatment
- Preventing impairment of children’s mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Our school has a whole-school approach to safeguarding, which ensures that keeping children safe is at the heart of everything we do and underpins all systems, processes and policies. It is important that our values are understood and shared by all children, staff, parents/carers, governors and the wider school community. Only by working in partnership, can we truly keep children safe.

Saint Nicholas School is committed to safeguarding and promoting the welfare of all our pupils and expects all staff and volunteers to share in this commitment. Staff must maintain an attitude of ‘it could happen here’ as far as safeguarding is concerned and staff members should always act in the best interests of the child. The school recognises duties both to children in need and children at risk. All adults working with or on behalf of children have a responsibility to protect them, and to always act in the best interest of the child. **It is important to recognise that safeguarding is everyone’s responsibility and that although referrals are usually managed by the DSL and Deputy DSL, anyone can refer a child to children’s social care.**

All pupils have the right to protection, regardless of age, gender, race, culture or disability. They have a right to be safe at school and everyone employed or engaged by Saint Nicholas School has a responsibility in relation to child protection. All staff must read at least part one of the Keeping Children Safe in Education September 2023 statutory guidance and read and conform to the School’s Staff Code of Conduct. Staff receive annual Safeguarding training and updates throughout the school year. Members of staff joining at times other than at the beginning of the school year will receive Safeguarding training as part of their induction.

1.2 The Aims of the Safeguarding/Child Protection Policy

This policy aims to outline the role of the school, the procedures that staff should take and aims to provide guidance on issues related to safeguarding and child protection generally. It is not exhaustive. All staff should use as a rule of thumb the needs and safety of the child as being at the centre of any decision they make. This policy:

- Raises awareness of individual responsibilities in identifying and reporting possible cases of abuse
- Provides a systematic means of monitoring, recording and reporting concerns and cases
- Provides guidance on recognising and dealing with suspected child abuse

- Provides a framework for inter-agency communication and effective liaison in accordance with locally agreed inter-agency procedure.
- Identifies strategies and interventions available to support children at risk and children in need.
- Ensures that any deficiencies or weaknesses in child protection arrangements are remedied without delay.
- Ensures that safe recruitment procedures are operated.

The Governing Body recognises that some adults are also vulnerable to abuse, accordingly, the procedures may be applied (with appropriate adaptations) to allegations of abuse, and the protection, of young or vulnerable adults. The terms 'child' and 'children' in this document encompass also 'young and vulnerable adults' (this includes everyone under the age of 18).

2. STATUTORY FRAMEWORK

There is government guidance set out in Working Together (DfE, 2018) on how agencies must work in partnership to keep children safe. This guidance places a shared and equal duty on three Safeguarding Partners (the Local Authority, Police and Health) to work together to safeguard and promote the welfare of all children in their area under multi-agency safeguarding arrangements. These arrangements sit under the Essex Safeguarding Children Board (ESCB). In Essex, the statutory partners are Essex County Council, Essex Police and three NHS Integrated Care Boards covering the county.

Section 175 of the Education Act 2002 (Section 157 for Independent schools) places a statutory responsibility on the governing body to have policies and procedures in place that safeguard and promote the welfare of children who are pupils of the school.

In Essex, all professionals must work in accordance with the SET Procedures. Our school also works in accordance with the following legislation and guidance (this is not an exhaustive list):

- Keeping Children Safe in Education (DfE 2023)
- Working Together (DfE, 2018)
- Education Act (2002)
- Essex Effective Support (2021)
- Counter-Terrorism and Security Act (HMG, 2015)
- Serious Crime Act 2015 (Home Office, 2015)
- Children and Social Work Act (2017)
- Children Missing Education - statutory guidance for local authorities (DfE, 2016)
- Sexual Offences Act (2003)
- Education (Pupil Registration) Regulations 2006
- Information sharing advice for safeguarding practitioners (HMG, 2018)
- Data Protection Act (2018)
- What to do if you're worried a child is being abused (HMG, 2015)
- Children Act (1989)
- Children Act (2004)
- Preventing and Tackling Bullying (DfE, 2017)
- Female Genital Mutilation Act 2003 (S. 74 - Serious Crime Act 2015)
- Preventing youth violence and gang involvement (Home Office, 2015)
- Criminal Exploitation of children and vulnerable adult - county lines guidance (Home Office, 2018)
- Teaching on-line safety in schools (DfE, 2019)
- Education Access Team CME / Home Education policy and practice (ECC, 2018)
- Behaviour in Schools (DfE 2022)
- Suspension and permanent exclusion in schools, academies and PRUs, including pupil movement (DfE 2022)
- Searching, screening and confiscation (DfE 2022)
- Let's talk reducing the risk of suicide (ESCB 2022)
- Understanding and Supporting Behaviour - good practice for schools (ECC, 2021)

- Filtering and Monitoring Standards (DfE)

3. ROLES AND RESPONSIBILITIES

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment in which they can learn and achieve their full potential. However, there are key people within schools, the Local Authority and other agencies who have specific responsibilities under child protection procedures. The names of those in our school with these specific responsibilities (the designated safeguarding lead and deputy designated safeguarding lead) are shown on the cover sheet of this document. However, we are clear that safeguarding is everyone's responsibility and that everyone who comes into contact with children has a role to play.

Our staff understand that children may not always feel able or know how to tell someone that they are being abused, perhaps because they are embarrassed or they may not always recognise that they are being abused. We recognise there are many factors which may impact on our children's welfare and safety and understand safeguarding in the wider context (contextual safeguarding). We also understand that abuse, neglect and safeguarding issues are rarely 'stand-alone' events and that, in most cases, multiple issues will overlap.

Our staff will always reassure children who report abuse / victims of abuse that they are taken seriously and that they will be supported and kept safe. We will never make a child feel ashamed for reporting abuse, nor make them feel they are causing a problem.

If the school has concerns about children's safety or welfare, we will notify agencies with statutory responsibilities without delay. This means, the Essex Safeguarding Board and where appropriate the police.

3.1 The Governing Body

The governing body ensures that the policies, procedures and training in our school are effective and comply with the law at all times. It ensures that all required policies relating to safeguarding are in place, that the child protection policy reflects statutory and local guidance and that it is reviewed at least annually.

The governor for safeguarding arrangements is named on the front cover of this document. This governor takes strategic responsibility at governing body level for safeguarding arrangements in our school. The governing body ensures there is a named designated safeguarding lead and at least one deputy safeguarding lead in place (also named on the front cover).

The governing body ensures the school contributes to inter-agency working, in line with statutory and local guidance. It ensures that information is shared and stored appropriately and in accordance with statutory requirements.

The governing body ensures that all adults in our school who work with children undergo safeguarding and child protection training at induction as appropriate and that it is regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and knowledge to keep our children safe.

The governing body ensures our pupils are taught about safeguarding (including online safety) through teaching and learning opportunities as part of a broad and balanced curriculum. We work in accordance with government regulations which make the subjects of Relationships Education (for primary age pupils) and Relationships and Sex Education (for secondary age pupils) and Health Education (for all pupils in state-funded schools) mandatory.

The governing body and school leadership team The Governing Body of Saint Nicholas School are responsible for:

- ensuring we have in place safer recruitment procedures that help to deter, reject or identify people who might abuse children
- ensuring we meet statutory responsibilities to check adults working with children and have recruitment and selection procedures in place (see the school's 'Safer Recruitment' policy for further information)
- ensuring volunteers are appropriately supervised in school
- online safety (including strategic oversight of filtering and monitoring systems to support this)

3.2 The Headteacher

The Teachers' Standards 2012 state that teachers (which includes headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties. Our Headteacher works in accordance with all statutory requirements for safeguarding and is responsible for ensuring that safeguarding policies and procedures adopted by the governing body are followed by all staff.

3.3 The Designated Safeguarding Lead (and Deputy / Deputies)

The DSL is a member of the Senior Leadership Team (SLT) and is supported by the Deputy DSLs. The school's designated person is Lucy Thomas, Deputy Head, Pastoral. In her absence or when a conflict of interest arises, the Headmaster, becomes the designated person. Miss Howe and Mrs Martin, also act as Deputy Designated Safeguarding Leads. Within the EYFS setting, Lucy Thomas, will be the lead designated person for safeguarding and in her absence, Mrs Sophie Jackson will take on this role.

The designated safeguarding lead in school has ultimate lead responsibility for safeguarding and child protection. Their role includes managing child protection referrals, working with other agencies, ensuring all staff are appropriately trained, leading on online safety (including filtering and monitoring standards) and raising awareness of all safeguarding and child protection policies and procedures. They ensure that everyone in school (including temporary staff, volunteers and contractors) is aware of these procedures and that they are followed at all times. They act as a source of advice and support for other staff (on child protection matters) and ensure that any referrals to Essex Children's Social Care (Children and Families Hub) and / or the Police are made in a timely way and in accordance with current SET procedures. They work with the local authority and the ESCB as required and ensure that information is shared appropriately.

The deputy designated safeguarding lead/leads is/are trained to the same standard as the designated safeguarding lead. If for any reason the designated safeguarding lead is unavailable, the deputy designated safeguarding lead/leads will act in their absence.

3.4 All school staff

Everyone in our school has a responsibility to provide a safe learning environment where our children can learn. All staff are aware of the types of abuse and safeguarding issues that can put children at risk of harm, so we are able to identify children who may be in need of help or protection. We understand that behaviours linked to issues such as drug taking and/or alcohol misuse, missing education and consensual/non-consensual sharing of nudes and semi-nudes images can be signs that children are at risk. In addition, we recognise that any child may benefit from additional help and all staff members are aware of the local early help process and our role in it.

All staff members are aware of and follow school safeguarding processes (as set out in this policy), and are also aware of how to make a referral to Social Care, if there is a need to do so. Staff understand that, if they have any concerns about a child's welfare, they must act on them immediately and speak with the designated safeguarding lead (or deputy) – we do not assume that others have taken action.

Our staff understand that children may not always feel able or know how to tell someone that they are being abused. This may be because they are embarrassed, scared or do not recognise they are experiencing abuse, either at home or out in the community. We understand there are many factors which may impact on our children's welfare and safety and we also understand safeguarding in the wider context (contextual safeguarding). We recognise that abuse, neglect and safeguarding issues rarely occur in isolation and that, in most cases, multiple issues will overlap.

Our staff will always reassure children who report abuse that they are taken seriously and that they will be supported and kept safe. We will never make a child feel ashamed for reporting abuse, nor make them feel they are causing a problem.

4. Types of abuse / specific safeguarding issues

Keeping Children Safe in Education describes abuse as 'a form of maltreatment of a child'. It sets out that:

“Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or another child or children”

The guidance refers to four main categories of abuse:

- Physical: a form of abuse causing physical harm to a child – this includes where an adult fabricates or deliberately induces illness in a child
- Emotional: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development
- Sexual: forcing or enticing a child to take part in sexual activities (through actual physical or online contact)
- Neglect: the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development

In addition, Annex B of Keeping Children Safe in Education contains important information about specific forms of abuse and safeguarding issues. Some of these, and our approach to them, are explained here:

4.1 Child criminal exploitation (CCE) and Child Sexual Exploitation (CSE)

Both CCE and CSE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

CSE is a form of child abuse, which can happen to boys and girls from any background or community. It may occur over time or be a one-off occurrence. In Essex, the definition of CSE from the Department of Education (DfE, 2017) has been adopted:

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

We recognise that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any concerns. The designated safeguarding lead will lead on these issues and work with other agencies as appropriate.

4.2 Child on child abuse (including sexualised behaviours)

Child on child abuse can manifest itself in many ways. This may include bullying (including cyber bullying), physical abuse, harmful sexual behaviours, gender-related abuse, ‘up-skirting’, ‘sexting’ or initiation / hazing type violence and rituals. We do not tolerate harmful behaviour of any kind in school and will take swift action to intervene where this occurs, challenging inappropriate behaviours when they occur. We do not normalise abuse, and it is not tolerated in our setting. Our culture is very much one of kindness, compassion, hope, connection and belonging.

Any incidents of child on child abuse will be managed in the same way as any other child protection concern and we will follow the same procedures. We will seek advice and support from other agencies as necessary and ensure that appropriate agencies are involved when required.

Our school recognises that some children may abuse other children and that this may happen in school, or outside of it. We understand there are many factors which may lead a child to display abusive behaviours towards other children, and that these matters are sensitive and often complex. We recognise our school may be the only stable, secure and safe element in the lives of some children, particularly those who have experienced harm and trauma. We have a duty to safeguard all children and, whilst inappropriate behaviours will be challenged and addressed, it is in the context of providing appropriate support to all children in our school where harmful behaviour has occurred. We will, at all times, take a balanced and proportionate approach to risky or harmful behaviour.

We understand the barriers which may prevent a child from reporting abuse and work actively to remove these. We use lessons and assemblies to teach children about healthy, positive relationships, how to report concerns, and to help them understand, in an age-appropriate way, what abuse is. We aim to provide children with the language to report abuse and to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. We will never make a child feel ashamed for reporting abuse, nor that they are creating a problem by doing so. We never assume, if abuse is not being reported, that it is not occurring in our school – we are vigilant to signs of abuse and promote a culture of safety and understanding.

The schools Child on Child HSB Policy 2023, provides further details on the School's arrangements for the prevention and response to Child on Child abuse. This should be read in conjunction with the School's Anti-bullying and the Whole School Behaviour Policy.

4.3 Children missing from education

All children, regardless of their age, ability, aptitude and any special education needs they may have, are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect, and we follow the procedures for unauthorised absence and for children missing education. It is also recognised that, when not in school, children may be vulnerable to or exposed to other risks, so we work with parents/carers and other partners to keep children in school whenever possible. Parents are required to provide at least two emergency contact numbers to the school, to enable us to communicate with someone if we need to.

Parents should always inform us of the reason for any absence. Where contact is not made, a referral may be made to another appropriate agency (Education Access Team, Social Care or Police). Our school must inform the local authority of any pupil who has been absent without school permission for a continuous period of 10 days or more.

We work in accordance with the Essex Protocol for children who go missing during the school day (see Appendix C), to ensure that there is an appropriate response to children who go missing.

4.4 Contextual safeguarding and risk in the community

We understand that safeguarding incidents and behaviours can be associated with factors outside our school. All staff are aware of contextual safeguarding and we are therefore mindful of whether wider environmental factors present in a child's life are a threat to their safety and / or welfare. We always consider relevant information when assessing any risk to a child and will share it with other agencies when appropriate to support better understanding of a child and their family. This is to ensure that our children and families receive the right help at the right time.

4.5 Domestic abuse

Domestic abuse can involve a wide range of behaviours and can include intimate partner violence, abuse by family members, teenage relationship abuse and child to parent abuse. We understand that anyone can be a victim of domestic abuse, and that it can take place inside or outside of the home.

Our school recognises that exposure to domestic abuse (either by witnessing or experiencing it) can have a serious, long-term emotional and psychological impact on children. We work with other key partners and we receive /

share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

4.6 Harmful sexual behaviour

We understand that children's sexual behaviours exist on a continuum, ranging from age-appropriate / developmental to inappropriate / problematic / abusive. We also understand that harmful sexual behaviour and child-on-child abuse can occur between children of any age and gender, either in person or online. We recognise that children who display harmful sexual behaviour may have experienced their own abuse and trauma, and we will support them accordingly.

Our school has a 'zero-tolerance' approach to harmful sexual behaviour of any kind, and any inappropriate behaviour is challenged and addressed. We work in accordance with all statutory guidance in relation to such behaviours and with other agencies as appropriate.

We seek to teach our pupils about healthy and respectful relationships, boundaries and consent, equality, the law and how to keep themselves safe (on and offline).

The School's Safeguarding Team have undertaken Brook Traffic Light Training, which enables them to identify, understand and respond to sexual behaviours in young people.

4.7 Mental health

Positive mental health is the concern of the whole community and we recognise that our school plays a key part in this. Our school aims to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk factors which can increase someone's vulnerability and also protective factors that can promote or strengthen resilience. The more risk factors present in someone's life, the more protective factors or supportive interventions are needed to counter-balance these to promote resilience and keep children safe.

Our staff are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We understand that, where children have suffered abuse or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. Where we have concerns this may impact on mental health, we will seek advice and work with other agencies as appropriate to support a child and ensure they receive the help they need.

It is vital that we work in partnership with parents/carers to support the wellbeing of our pupils. We expect parents/carers, if they have any concerns about the wellbeing of their child, to share this with us, so we can ensure that appropriate support and interventions can be identified and implemented.

4.8 Online safety

We recognise that our children are growing up in an increasingly complex world, living their lives on and offline. Whilst this presents many positive and exciting opportunities, we recognise it also presents challenges and risks, in the form of:

- content: being exposed to illegal, inappropriate or harmful material; for example pornography, fake news, suicide, racist or radical and extremist views;
- contact: being subjected to harmful online interaction with other users; for example peer to peer pressure, commercial advertising as well as adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes;
- conduct: personal online behaviour that increases the likelihood of, or causes, harm; for example making, sending and receiving explicit images, or online bullying
- commerce: risks such as online gambling, inappropriate advertising, phishing and / or financial scams

All staff in our school are aware of the risks to children online. We understand any child can be vulnerable online, and that their vulnerability can vary according to age, developmental stage and personal circumstances. We aim

to equip all our pupils with the knowledge they need to use the internet and technology safely, and we want to work with parents to support them to keep their children safe online.

We have systems in school to filter information and block internet access to harmful sites and inappropriate content. These systems are monitored and regularly reviewed to ensure they are effective, and all staff are trained in online safety and how to report concerns.

4.9 Prevention of radicalisation

As of July 2015, the Counter-Terrorism and Security Act (HMG, 2015) placed a new duty on schools and other education providers. Under section 26 of the Act, schools are required, in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the Prevent duty.

The Prevent Duty requires schools to:

- teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion
- be safe spaces in which children / young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas
- be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues

Channel is a national programme which focuses on providing support at an early stage to people identified as vulnerable to being drawn into terrorism. If a child on roll at our school is referred to the Channel Panel, a representative from the school may be asked to attend the Channel panel to help with an assessment and support plan.

Our school operates in accordance with local procedures for PREVENT and with other agencies, sharing information and concerns as appropriate. Where we have concerns about extremism or radicalisation, we will seek advice from appropriate agencies and, if necessary, refer to the Police, Social Care and/or the Channel Panel.

4.10 Serious violence

All staff are aware of the risk factors and indicators which may signal that children are at risk from or involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that a child has been approached by, or is involved with, individuals associated with criminal networks or gangs.

4.11 So-called ‘honour-based violence’ (including Female Genital Mutilation and forced marriage)

So-called ‘honour’-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. We understand that this form of abuse often involves a wider network of family or community pressure and can include multiple perpetrators.

Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

As of October 2015, the Serious Crime Act 2015 (Home Office, 2015) introduced a duty on teachers (and other professionals) to notify the police of known cases of FGM where it appears to have been carried out on a girl under the age of 18. Our school operates in accordance with the statutory requirements relating to this issue, and in line with local safeguarding procedures.

A forced marriage is one entered into without the full consent of one or both parties. It is where violence, threats or other forms of coercion is used and is a crime. Our staff understand how to report concerns where this may be an issue.

5. PROCEDURES

Our school works with key local partners to promote the welfare of children and protect them from harm. This includes providing a co-ordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans which provide additional support (through a Child in Need or a Child Protection plan).

All staff members have a duty to identify and respond to suspected / actual abuse or disclosures of abuse. Any member of staff, volunteer or visitor to the school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred, must report it immediately to the designated safeguarding lead (or, in their absence, the deputy designated safeguarding lead).

All action is taken in accordance with the following guidance:

- Essex Safeguarding Children Board guidelines - the SET (Southend, Essex and Thurrock) Child Protection Procedures (ESCB, 2022)
- Essex Effective Support
- Keeping Children Safe in Education (DfE, 2023)
- Working Together to Safeguard Children (DfE, 2018)
- Effective Support for Children and Families in Essex' (ESCB)
- PREVENT Duty - Counter-Terrorism and Security Act (HMG, 2015)

Any staff member or visitor to the school must refer any concerns to the designated safeguarding lead or deputy designated safeguarding lead. Where there is risk of immediate harm, concerns will be referred by telephone to the Children and Families Hub and / or the Police. Less urgent concerns or requests for support will be sent to the Children and Families Hub via Essex Effective Support. We may also seek advice from Social Care or another appropriate agency about a concern if we are unsure how to respond to it. Wherever possible, we will share any safeguarding concerns, or an intention to refer a child to another agency, with parents or carers. However, we will not do so where it is felt that to do so could place a child at greater risk of harm or impede a criminal investigation. If it is necessary for an external agency to meet with a child in school, we will always seek to inform parents or carers, unless we are advised not to by that agency. On occasions, it may be necessary to consult with the Children and Families Hub and / or Essex Police for advice on when to share information with parents / carers.

All staff understand that, if they continue to have concerns about a child, feel a concern is not being addressed or that a situation does not appear to be improving for a child, they should raise this with the designated safeguarding lead.

Where an immediate response is required, and if for any reason the designated safeguarding lead (or deputy) is not immediately available, this will not delay any appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have access to urgent safeguarding support, should it be required. Any individual may refer to Social Care where there is suspected or actual risk of harm to a child.

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the designated safeguarding lead (and deputy/deputies) and how to share concerns with them. We also provide information on safeguarding to any visitor to our school, so they understand how to report a concern if they have one.

6. CHILDREN POTENTIALY AT RISK OF GREATER HARM

We recognise that some children may potentially be at risk of greater harm and require additional help and support. These may be children with a Child in Need or Child Protection Plan, those in Care or previously in Care or those requiring mental health support. We work with Social Care and other appropriate agencies to ensure there is a joined-up approach to planning for these children and that they receive the right help at the right time.

Our school understands that children with special educational needs (SEN) and / or disabilities can face additional safeguarding challenges. Barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration
- That they may be more prone to peer group isolation than others
- The potential to be disproportionately impacted by things like bullying, without outwardly showing signs
- Communication difficulties in overcoming these barriers

6.1 Early Help

If early help is appropriate, the designated safeguarding lead (or a deputy) will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases should be kept under constant review and consideration given to a referral to local authority children's social care for assessment for statutory services if the child's situation does not appear to be improving or is getting worse.

Any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan)
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is at risk of modern slavery, trafficking or exploitation
- is at risk of being radicalised or exploited
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is misusing drugs or alcohol themselves has returned home to their family from care
- is a privately fostered child.

7. TRAINING

In line with statutory requirements, the designated safeguarding lead (and deputy/deputies) undertake Level 3 child protection training at least every two years. The Headteacher, all staff members and governors receive appropriate child protection training which is regularly updated and in line with advice from the Essex Safeguarding Children Board (ESCB). In addition, all staff members and other adults working with children in our school receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Records of any safeguarding / child protection training undertaken are kept for all staff and governors.

The school ensures that the designated safeguarding lead (and deputy) also undertakes training in inter-agency working and other matters as appropriate.

8. INFORMATION SHARING AND CONFIDENTIALITY

Sharing information is a key part of safeguarding work and decisions about how much information to share, with whom and when, can have a profound impact on a child's life. Our school is signed up to the Education and Learning Information Sharing Protocol which includes information sharing for safeguarding purposes. This protocol enables us to share and receive information with the Local Authority in a legal, safe, and secure way, to support our work in keeping children safe.

You can sign up to the WEISF here – please ensure you are signed up, if you keep this information in your policy

Where there are concerns about the safety of a child, the sharing of information in a timely and effective manner between organisations can reduce the risk of harm. Whilst the Data Protection Act 2018 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information, where the failure to do so would result in a child or vulnerable adult being placed at risk of harm. Similarly, human rights concerns, such as respecting the right to a private and family life, would not prevent sharing information where there are real safeguarding concerns. Fears about sharing information cannot (and will not) stand in the way of the need to safeguard and promote the welfare of children at risk of abuse or neglect. Generic data flows related to child protection are recorded in our Records of Processing Activity and are regularly reviewed; and our online school privacy notices accurately reflect our use of data for child protection purposes.

A member of staff will never guarantee confidentiality to anyone (including parents/carers or pupils) about a safeguarding concern, nor promise to keep a secret. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the designated safeguarding lead and may require further referral to and subsequent investigation by appropriate authorities.

In some cases, it may be necessary for the designated safeguarding lead (or deputy) to share information on individual child protection cases with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

Information sharing can help to ensure that a child receives the right help at the right time and can prevent a concern from becoming more serious and difficult to address.

9. CHILD PROTECTION RECORDS

Well-kept records are an essential aspect of effective child protection practice. Our school is clear about the need to record any concern held about a child or children within our school and when these records should be shared with other agencies. As a school we use CPOMS as our online system for recording child protection/safeguarding concerns.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse will record it as soon as possible, noting what was said or seen (if appropriate, using a body map to record), giving the date, time and location. All records will be dated and signed and will include the action taken. This is then presented to the designated safeguarding lead (or deputy), who will decide on appropriate action and record this accordingly.

Any records relating to child protection are kept on an individual child protection file for that child (which is separate to the pupil file). All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school / educational setting.

In line with statutory guidance, where a pupil transfers from our school to another school / educational setting (including colleges), their child protection records will be forwarded to the new setting. These will be marked 'Confidential' and for the attention of the receiving school's designated safeguarding lead, with a return address on the envelope so it can be returned to us if it goes astray. We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school. Where appropriate, the designated safeguarding lead may also make contact with the new setting in advance of the child's move there, to enable planning so appropriate support is in place when the child arrives.

Where a pupil joins our school, we will request child protection records from the previous educational establishment (if none are received).

10. INTERAGENCY WORKING

It is important that agencies work together to keep children safe, and there is a legal requirement to do so.

We work with other relevant agencies, including where a child on roll (or previously known to us) has a Child in Need, Child Protection or Care Plan. Where this is the case, it is the responsibility of the designated safeguarding lead to ensure our school is represented at, and that a report is submitted to, any statutory meeting called. Where possible and appropriate, any report will be shared in advance with the parent(s) / carer(s). The member of staff attending the meeting will be fully briefed on any issues or concerns the school has and be prepared to contribute to the discussions.

If a child is subject to a Care, Child Protection or a Child in Need plan, the designated safeguarding lead will have oversight of their school attendance, emotional well-being, academic progress, welfare and presentation. Where the school is part of the core group, the designated safeguarding lead will ensure we are represented, provide appropriate information and contribute to the plan at these meetings. We will report on the child's progress in school, and any concerns about them will be shared at the meeting, unless to do so would place them at risk of harm. In this case the designated safeguarding lead would speak with the child's key-worker outside of the meeting, and as soon as there is a concern.

11. ALLEGATIONS ABOUT MEMBERS OF THE WORKFORCE

All staff members are made aware of the boundaries of appropriate behaviour and conduct, and are regularly reminded of this. These matters form part of staff induction and are outlined in the Staff Behaviour policy / Code of Conduct. Our school works in accordance with statutory guidance and the SET procedures (ESCB, 2022) in respect of allegations against an adult working with children (in a paid or voluntary capacity).

The school has processes in place for reporting any concerns about a member of staff (or any adult working with children). Any concerns about the conduct of a member of staff must be referred to the Headteacher (or the Deputy Headteacher in their absence), as they have responsibility for managing employment issues. Where the allegation concerns an agency member of staff, the Headteacher (or Deputy) will liaise with the agency, while following due process.

Where the concern involves the headteacher, it should be reported direct to the Chair of Governors.

The SET procedures (ESCB, 2022) require that, where an allegation against a member of staff is received, the Headteacher, senior named person or the Chair of Governors must inform the duty Local Authority Designated Officer (LADO) on 03330 139 797 within one working day. However, wherever possible, contact with the LADO will be made immediately so that we can seek advice on how to proceed and whether the matter requires Police involvement. This will include advice on speaking to pupils, parents and HR. The school does not carry out any investigation before speaking to the LADO.

Staffing matters are confidential and the school operates within a statutory framework around Data Protection.

11.1 Low-level Concerns

Concerns may be graded Low-level if the concern does not meet the criteria for an allegation; and the person* has acted in a way that is inconsistent with the staff code of conduct, including inappropriate conduct outside of work. Example behaviours include, but are not limited to:

- being over friendly with children;
- having favourites;
- taking photographs of children on their mobile phone;
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door; or,
- using inappropriate sexualised, intimidating or offensive language.

[Schools should ensure that their Code of Conduct is clear about what low-level concerns are and why it is important that such concerns are shared.]

If the concern has been raised via a third party, the headteacher/principal should collect as much evidence as possible by speaking:

- directly to the person who raised the concern, unless it has been raised anonymously;
- to the individual involved and any witnesses.

Reports about supply staff and contractors should be notified to their employers, so any potential patterns of inappropriate behaviour can be identified.

Staff should be encouraged and feel confident to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

Low-level concerns should be recorded in writing, including:

- name* of individual sharing their concerns
- details of the concern
- context in which the concern arose
- action taken

(* if the individual wishes to remain anonymous then that should be respected as far as reasonably possible)

Records must be kept confidential, held securely and comply with the Data Protection Act 2018. Schools and colleges should decide how long they retain such information, but it is recommended that it is kept at least until the individual leaves their employment.

Records should be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified.

If a concerning pattern of behaviour is identified and now meets the criteria for an allegation, then the matter should be referred to the LADO.

The records' review might identify that there are wider cultural issues within the school or college that enabled the behaviour to occur. This might mean that policies or processes could be revised or extra training delivered to minimise the risk of it happening again.

Suspension will arise on the following grounds.

- A child or children may be at risk.
- The allegation is so serious that dismissal for gross misconduct is possible.
- It is necessary to allow any investigation to continue unimpeded.

Suspension may be considered at any stage of an investigation, but is a neutral act, not a disciplinary sanction, and will be on full pay.

If an allegation of abuse by a member of staff is substantiated, then referral will be made to the Disclosure and Barring

Service and, in the case of teachers to the Teacher Regulation Agency (TRA).

12. Behaviour, use of physical intervention and reasonable force

Our Behaviour Policy sets out our approach to behaviour for all children and also for those with more difficult or harmful behaviour. We recognise there are some children who have needs that require additional support and a more personalised approach and we always consider all behaviour, and our response to it, in the context of safeguarding.

There are occasions when staff will have cause to have physical contact with children and young people for a variety of reasons, this may include:

- to comfort a child or young person in distress (appropriate to their age and individual specific needs identified through a risk assessment);
- to direct a child or young person;
- for curricular reasons (for example in PE, Music, Drama etc);
- in an emergency, to avert danger to the child, young person or others;

The guidance produced by the Department for Education Use of Reasonable Force (DfE, 2013) states that:

“Schools should not have a ‘no contact’ policy. There is a real risk that such a policy might place a member of staff in breach of their duty of care towards a child or young person or prevent them taking action needed to prevent a child or young person causing harm.”

The term ‘reasonable force’ covers a broad range of actions used by staff that involve a degree of physical contact to control or restrain children. There are circumstances when it is appropriate for staff to use reasonable force to safeguard children and young people, such as guiding a child to safety or breaking up a fight. ‘Reasonable’ means using no more force than is needed. Our school works in accordance with statutory and local guidance on the use of reasonable force (see section 2) and recognises that where intervention is required, it should always be considered in a safeguarding context

13. Whistleblowing

All members of staff and the wider school community should be able to raise concerns about poor or unsafe practice and feel confident any concern will be taken seriously by the school leadership team. We have ‘whistleblowing’ procedures in place and these are available in the school Whistleblowing Policy. However, for any member of staff who feels unable to raise concerns internally, or where they feel their concerns have not been addressed, they may contact the [NSPCC whistleblowing helpline](#) on: 0800 028 0285 (line is available from 8:00 AM to 8:00 PM, Monday to Friday) or by email at: help@nspcc.org.uk.

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0800 800 5000 (24 hour helpline) or email: help@nspcc.org.uk.

14. EYFS SETTING

Reporting allegations to OFSTED

All schools are required to report to Ofsted any allegations against people living or working at the school, or of any other abuse alleged to have taken on the premises as soon as practicable and within 14 days at the latest. Saint Nicholas School will comply with this requirement should the need arise.

Use of school mobile devices, laptops and recording devices in EYFS.

15.1 Procedures: School iPads and laptops

Whilst at work School iPads can be used for the Tapestry, accessing suitable music/programmes and games. Staff are also able to access Tapestry and the photography evidence that supports this whilst at home, however they are aware that this programme contains photographs of the children they work with, and password protections are put into place to ensure that the iPad and Tapestry cannot be accessed by anyone other than themselves.

Whilst at home staff are allowed to use their School iPad for personal use, but must ensure that they do not download any unsuitable apps or access inappropriate material which may remain in the search history.

15.2 Procedures: Personal Mobile Phones

Personal mobile phones need to be stored securely during working hours.

EYFS staff and volunteers will not use their personal mobile phones or other personal devices for taking photographs of children.

Parents and visitors are requested not to use their mobile phones whilst on the premises. An exception may be made if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone, where there are no children present.

EYFS staff and volunteers ensure that the work telephone number is known to immediate family and other people who need to contact them in an emergency.

15.3 Procedures: Cameras, video recorders.

Our staff and volunteers must not bring their own cameras or video recorders into the setting.

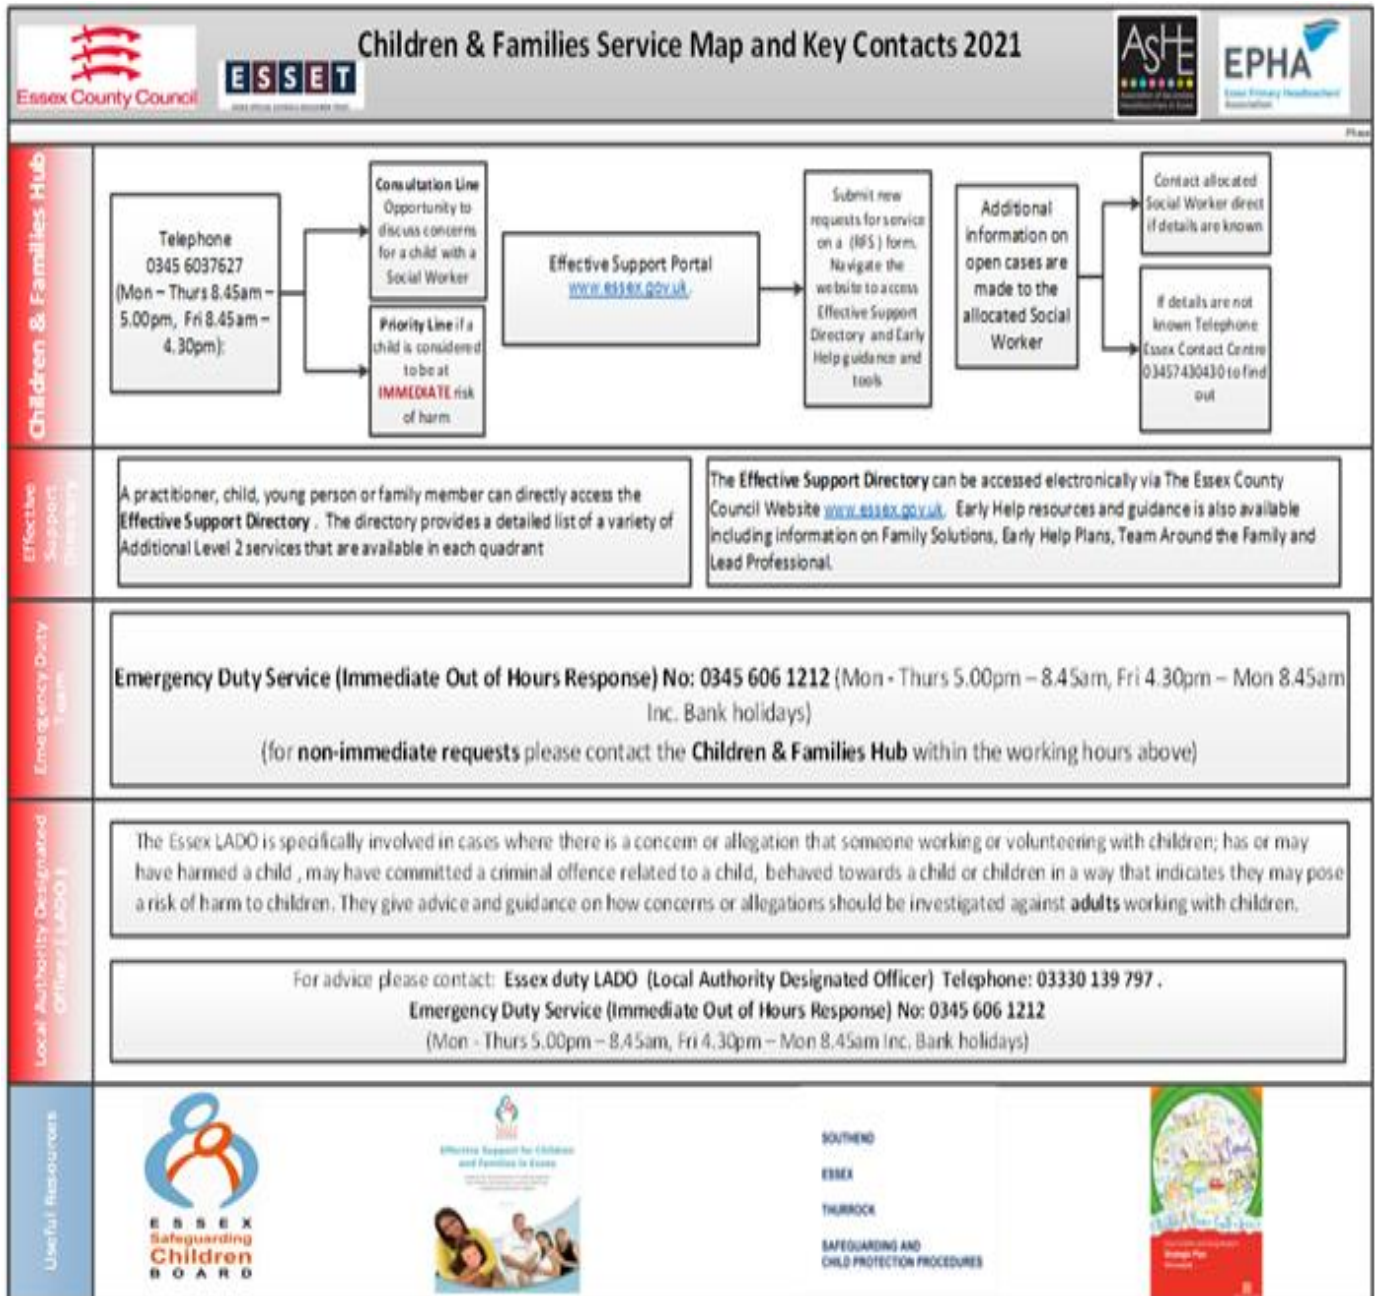

Photographs and recordings of children are only taken for valid reasons, i.e. to record their learning and development, or for displays within the setting whilst children are present.

Photographs or recordings of children are only taken on equipment belonging to the setting.

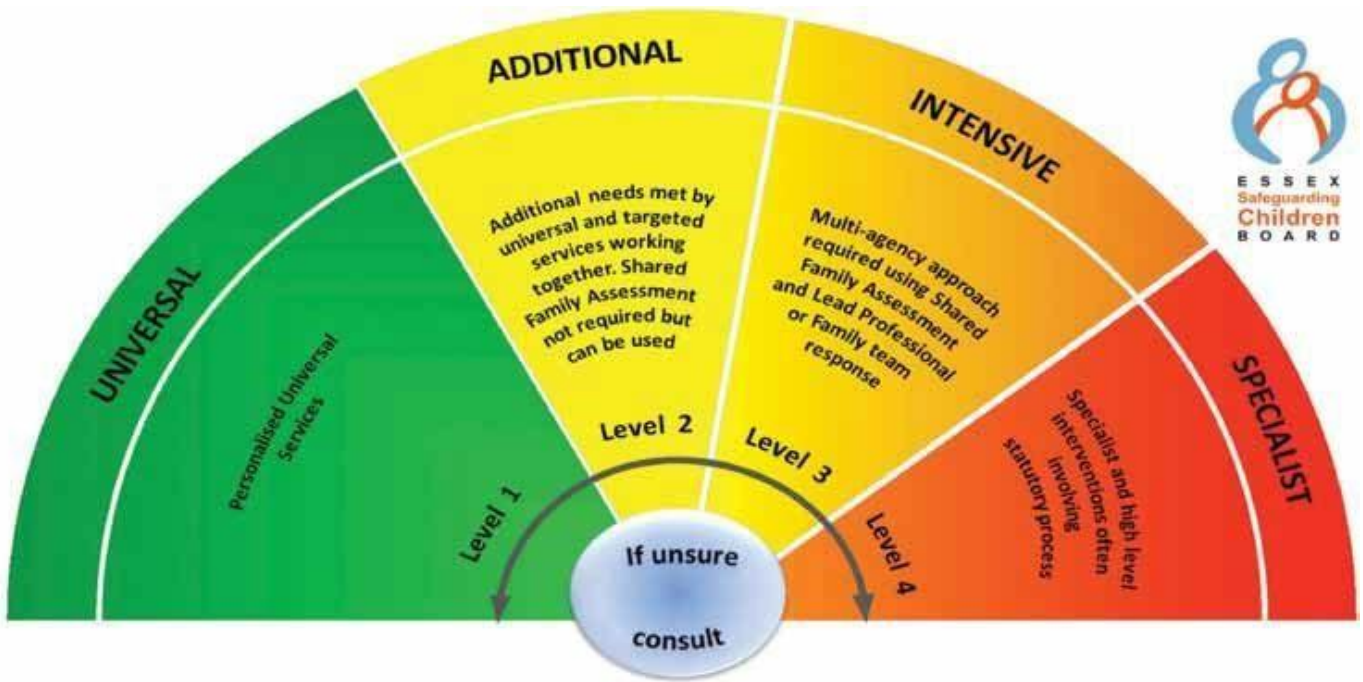

Camera and video use is monitored by the Head of Nursery and Pre-School

Photographs and recordings of children are only taken of children if parents provide written permission to do so (found on the individual child's pupil information form).

Appendix A: Children and Families Service Map and Key Contacts

[Appendix B](#): Essex Windscreen of Need and levels of intervention

All partners working with children, young people and their families will offer support as soon as we are aware of any additional needs. We will always seek to work together to provide support to children, young people and their families at the lowest level possible in accordance with their needs.

Children with **Additional** needs are best supported by those who already work with them, such as Family Hubs or schools, organising additional support with local partners as needed. When an agency is supporting these children, an Early Help Plan and a Lead Professional are helpful to share information and co-ordinate work alongside the child and family.

For children whose needs are **Intensive**, a coordinated multi-disciplinary approach is usually best, involving either an Early Help Plan or a Shared Family Assessment (SFA), with a Lead Professional to work closely with the child and family to ensure they receive all the support they require. Examples of intensive services are children’s mental health services and Family Solutions.

Specialist services are where the needs of the child are so great that statutory and/or specialist intervention is required to keep them safe or to ensure their continued development. Examples of specialist services are Children’s Social Care or Youth Offending Service. By working together effectively with children that have additional needs and by providing coordinated multi-disciplinary/agency support and services for those with intensive needs, we seek to prevent more children and young people requiring statutory interventions and reactive specialist services.

Actions where there are concerns about a child
